The Joyce Foundation is a nonpartisan, private, independent foundation that supports evidence-informed policies to improve quality of life, promote safe and healthy communities, and build a just society for the people of the Great Lakes region, specifically the states of Illinois, Indiana, Michigan, Minnesota, Ohio, and Wisconsin.

We make grants in five program areas united by a common purpose: to secure a more prosperous and equitable future for the Great Lakes region by supporting the next generation of its citizens while advancing racial equity and economic mobility. Our program strategies advance five policy areas we see as essential to our mission: Education and Economic Mobility, Environment, Gun Violence Prevention and Justice Reform, Democracy, and Culture.

We encourage you to learn about each program to determine whether your project falls within the Joyce Foundation's guidelines.
